DIGITAL JOB CARDS · INSTALLERS & FIELD TEAMS

Swiss Jobs.

Every job on a card. Every card branded with your logo. Every card signed on site with photos, parts and time — and invoiced before the van leaves the driveway.

WHAT'S INSIDE

- Branded job cards, quotes and invoices per company — your logo, not ours
- Mobile capture built for bad signal: photos, parts, time, checklists, signature
- Quote → job → invoice in one flow from actual parts and hours
- Scheduling and dispatch board with SMS/WhatsApp ETAs
- Van stock, reorder alerts and supplier references
- Super-user view across every business on the platform

STRAIGHT ANSWERS

Does it work offline?

Yes. The app captures everything offline and syncs when signal returns, so a job on a farm is captured exactly like one in Sandton.

How fast can we go live?

Register your company, upload your logo and your first branded job card is ready in minutes; onboarding for a team is usually one session.

WHY SWISS SYSTEMS

We build it

Our own developers, in Johannesburg. Features ship because customers ask, not because a roadmap overseas allows it.

We host it

Tier-3 data centre with 100 kVA redundant power, generator backup and 10 Gbps redundant fibre. 99.9% uptime SLA. SA-resident data.

We support it

The person who answers the phone can read the code. Microsoft Partner, 3CX Gold Partner, POPIA aligned.
